

CITY BARREL BREWING COMPANY (CBBC)

BREWER 4 - PACKAGING TECHNICIAN

Reports to: Director of Brewery Operations

If you are interested in beer and want to get your foot in the door at one of KC's fastest growing and popular breweries, **YOU HAVE FOUND YOUR JOB!!!!**

We are looking for someone who can help us out in our Brewer 4 - Packaging Tech position. This is a part-time gig that can lead to full-time as you learn the ropes at City Barrel.

In alignment with City Barrel Brewing Company's values, this position pursues excellence in all aspects of our production and tap room beer operations. The **BREWER 4 - PACKAGING TECHNICIAN** is responsible for upholding City Barrel Brewing Company's Mission Statement:

RESPONSIBILITIES

Your core work will be on Packaging and Storage Operations such as Kegging, keg washing, canning, bottling and warehouse management. To perform these functions you will be held to the standards below:

- All operators must be present and ready to perform their duties by the scheduled time and available to work a minimum of 2 hours of overtime if required.
- Assist in areas of packaging and warehouse duties in accordance with standard operating procedures and policies of City Barrel Brewery.
- Assist and/ or perform on our Alpha canning line, Kegging operations, Keg/hand racking of kegged beer production and product packaging.
- Assist and/or perform running packaging equipment including:
 - Setup,
 - Changeover,
 - Shutdown, and
 - Sanitation
- Assist and/or perform in the repacking of product
- Assist and/or perform in all shipping and receiving duties as necessary
- Adhere to all company safety policies. Notify the Packaging Lead of any safety concerns

- Assure that you are not attempting to operate equipment on which you are not properly trained
- Assist and/ or perform general maintenance on equipment
- Perform operator-level maintenance on equipment
- Perform quality checks at SKU startup, hourly intervals, and SKU changeovers to ensure the highest quality product is produced and re-work/waste is minimized
- Correct any non-conforming packaging issues and notify the packaging lead or packaging manager of the issue
- Inform the packaging lead if the proper materials are not available so production is not interrupted
- Communication:
 - Notify the packaging lead of maintenance requirements above operator level
 - Notify the packaging manager if any items need to be reordered
 - Notifying the packaging manager if anybody is acting in an unsafe manner

Additional Responsibilities: We may require you to assist in performing other brewery operations.

- Daily gravity readings on active fermentations
- Daily PH readings on active fermentations
- Daily Zahm & Nagel CO2 readings on vessels under carbonation
- Assist sales department by loading cans/kegs into delivery van
- Inventory Management - Perform weekly inventory updates of all cold product and raw materials
- Raw Material management - organizing grain for following days brew day
- Act as a leader, policy keeper and implementer, and as a professional.
- Communicate with all employees, guests, supervisors, and vendors in a respectful, timely, and professional manner.
- Represent the company at local events and festivals, attend events, set up & serve, and clean up, as needed.
- Act as Safety Representative for production and set safe working conditions, attend regular safety meetings and keep safety logs.
- Live every one of City Barrel's five core values.
- Other Duties as assigned

Knowledge, Skills & Abilities

- Ability to operate forklift with hand and foot controls

- Ability to perform changeovers on Can Line, Keg Line (will train)
- Must be able to work flexible schedule when necessary
- Ability to learn basic packaging machinery operation, maintenance, and troubleshooting
- Industry education preferred (not required)
- Strong problem solving skills and base mechanical & electrical troubleshooting skills
- Self-motivation as well as ability to work efficiently as part of team
- Adherence to workplace safety procedures and ability to work in confined spaces and strong knowledge of brewery hazards
